

## Coaches Select Chas. Thompson Player Of Week

Quarterback Charles Thompson, due to his brilliant play against Riviera Beach Friday, has been selected player of the week by Belle Glade Coaches.

Last Friday night Charles passed to Eddie Buckner for a 54 yard touchdown and ran for three more touchdowns on runs of one yard, two yards, and sixty yards.

The three scores give Charles the Conference scoring lead with 36 points.

## Bank Of Belle Glade Opens For Business Thurs., Nov. 14; Open House on Nov. 13

E. B. McDaniel, President announced the opening of the Bank of Belle Glade, in its handsome new building at the corner of Southeast First and Avenue D, on Thursday morning, November 14th.

"On Wednesday afternoon, the 13th" says Mr. McDaniel, "we are asking Glades folks to visit our plant on the occasion of our Open House, from four till seven P. M."

Bradcock Brothers, the builders, assure us that the facilities will be ready on opening day.

"We know the public will be proud of the building and facilities, as we are, where modern banking services will be provided," said Mr. McDaniel.

"Our membership, Directors and officers are by Glades folks, with particular attention to needs of the agricultural area."

Bradcock Brothers, the builders, assure us that the facilities will be ready on opening day.

"We are asking Glades folks to visit our plant on the occasion of our Open House, from four till seven P. M."

## UNCLE DAN from DOOLIE says:

Dear Mister Editor:  
I see by the papers where Senator Symington has popped up a question to the Defense Department that calls for an audit and asking him to get an answer and I can't believe it didn't fester on getting one when he asked it. But it's mighty comforting for the taxpayer back home to know a U.S. Senator can still inquire about such matters without somebody throwing him out of the meeting.

It has been brought out that the United States has now got stock piled what is equal to 5 tons of TNT per hour human being on earth. It is estimated to be 15 billion tons. Senator Symington says we got enough nuclear bombs stockpiled to wipe out 2,000 cities of 100,000 population and wipe out not just once. He says we've got the bombs in storage to destroy every city of any size on earth 125 times.

Now what Senator Symington

wants to know is why we keep spending \$2 billion a year to stockpile more and more bombs in Washington, brave enough to ask about such matters, that Senator Symington has got one of the most powerful lobby organizations ever to operate in the Congress.

As a general rule, Mister Editor, I do not go around with murder in my heart, but I might be willing to shell out for killing everybody on earth once, but I'm going to shell out \$2 billion a year for everybody else twice. If a killer is dead out, he is dead.

I looks like our standard stockpiling procedures call for multiplying our needs by 125 and then adding 100 more. Senator Symington is going to be going to come no closer getting an answer to his question than Senator Williams did a year ago when he asked what we was doing with that \$9 million worth of surplus weapons we was keeping in storage.

Outside of this question by Senator Symington, they ain't been much in the papers this week to get a fellow shook up about it. However, I am putting on the agenda at the country store Saturday night. For instant, I was reading where a milkman in England was listed official in Government records as "Bovine Product Distributor". I don't know the fellers will have some comment to make on that one.

And I was reading where there Americans that climbed to the top of Mt. Everest reported they found a bunch of lamb on the side of the mountain that could run 30 miles an hour. I was just thinking, Mister Editor, that in this day and age it would take a lamb with that speed to keep close enough to Mary to go everywhere that Mary went.

Yours truly,  
Uncle Dan

## Agriculturally Speaking

by  
JOHN CAUSEY  
Associate County Agent  
Glades Area

This week we had two visitors visiting the area from Indonesia. Mr. Goei Ging Bien, of the Agriculture Extension Service, Purburingan, Djakarta, Indonesia. They are interested in seeing the production area and discussing with the research personnel for Everglades Experiment Station on the work being accomplished in vegetable research.

Last week at our Vegetable Growers' Meeting the main discussion centered around vegetable diseases and in today's column I would like to mention a few.

For instance, Dr. Earl Barkley reported that weather conditions increase the severity of this disease, that all varieties are susceptible and unfortunately there are no controls as far as we know. Copper can be used to control bacterial diseases but copper is susceptible to copper fungicides. Copper is toxic to the corn foliage. Drier weather is the best control for this disease.

Another question which came up that I would like to discuss is, "How soon after a rain should you spray for a disease control?" Dr. Thayer reported as stated above, that after a heavy rain, an inch or more, crops should be sprayed again; however, with less than an inch, growers can stay on their regular spray schedule. Most sprays have a working quality providing they have a chance to dry before the rain.

One question on insects that I feel should be mentioned is,

Dr. Earl Barkley, prominent citizen of the Palm Beaches presented the PBJC Library with the new National Geographic book, "America's Wonders - The National Parks."

Arranging the book for PBJC are Dr. Harold C. Mays, President and Mr. William Chumbers, Head Librarian.

Lifelong member of the National Geographic Society, Dr. Barkley received his copy of the new book through an error in the record book. He suggested that the book be given to the JC library. The Society agreed to the suggestion and asked that Dr. Barkley present the book to the library.

Dr. Barkley, a retired dentist, has spent many years in various active in civic and religious work. He traveled extensively throughout the world and once served as President of the Norton Gallery, School of Art.

Don't overuse your African Violets. We would like to point out that the correct amount of plant food depends on the size of the plant. However, I average size African Violet receives no more than a teaspoonful of 6-6-6 fertilizer every four months. Too much fertilizer may cause violets to rot off at the soil line. African violets are also rather sensitive to light. With insufficient light, plants make vigorous growth but the flowers are often sparse. A summer, African Violets should be placed in a north window, or just out of the sun's reach in other locations. But during the winter, the plants should be placed in a bright sunny window with full sunlight. The best temperature for African violets is 60 to 62 degrees at night, and 70 to 75 degrees in the daytime.

Man is properly self-governed only when he is guided rightly and governed by his Maker, divine Truth and Love.

Mary Eddy

Proclaimed as a "good baker smooth and uniform in size" and grows well on medium to heavy soil. It is early maturing and high yielding, according to reports, and is officially designated as ND 4192-3.

That catchy tune from the 40's may not be patriotic anymore, but the mysteries of the Orient continue to tickle our imaginations. You will notice in one of the following books, copy rights 1935 and 1963, that Orient is cast in the role of hero, while Chinese villains lurk in the shadows.

## Fr. Fenech Visits Parents In Malta Attends Vatican Council In Rome

Father Francis X. Fenech, Bishop, over two thousand of pastor of St. Philip Catholic Church, returned last week from his visit with his parents in Malta.

On his way to the United States, he attended the opening of the Second Session of the Vatican Council in Rome, where a battery of television cameras were on hand to record the historic event to avoid it's millions in their homes. The main aisle of St. Peter's Basilica was quarantined for the Cardinals and

### Advice

If you are impatient, sit down quietly and talk with Job. If you are a little strong-headed, go and see Moses.

If you are getting weak-kneed take a good look at Elijah.

If you are in your heart, listen to David.

If you are a policy man, read Daniel.

If you are getting sordid, spend a while with Isaiah.

If you feel chilly, get the beloved disciple to put his arm around you.

If your faith is below par, read Paul.

If you are getting lazy, watch James.

If you are losing sight of the future, climb up the stairs of Revelation and get a glimpse of the promised land.

If you are interested in knowing the Bible better, attend friendly Belle Glade Church of Christ.

## W. M. S. Elects New Officers

THE WOMEN'S MISSIONARY SOCIETY of the First Baptist Church of South Bay had elected a new officers for the year presented a review of the programs for the coming year.

Mrs. Louis Kelson President of the W.M.S. presented that of the business of the meeting. A slate of officers was presented and passed to receive final approval of the church in business conference.

Mrs. Helen McKinley and Mrs. W. M. Jeffries presented the program on "Freedom and Light," presenting a year of Jubilee celebrating marking 150 years of missions. Others on the program were Mrs. James Jackson, Mrs. H. C. Willis and Mrs. Nancy Fenton.

Pastors which were made showed a Preview of the program materials for the coming year. Ladies present other than those on the program were: Mrs. Dr. Grady, Mrs. Dora Davis, Mrs. James Martin, Mrs. John Cameron, Mrs. P. E. Goodbread, Mrs. C. J. Brown, Mrs. Franklin Kelley.

MARY HILL CIRCLE  
MET TUESDAY NIGHT

The Mary Hill Circle of the First Baptist Church met Tuesday night at the home of Mrs. Betty Herring. The program was on Grace McBride the missionary nurse. Eleven members and one visitor were present.

## WCS Circles Meet

The circles of the Woman's Society of Christian Service of the First Baptist Church had their program meeting this month. "What Does the Christian Woman Read and When?" The devotional was taken from Colossians 1-4 chapters.

THE CLARA CIRCLE met at the home of Mrs. Leo Danilevitz with Mrs. H. C. Post presenting the devotion and program. In the answer to the program the group agreed that reading the Bible and choosing other worth while books is what most Christian women do.

An article from Good Housekeeping magazine was also read "Four Walls versus the World."

Refreshments were served preceding the meeting at 10 a.m. The STAR CIRCLE met at the home of Mrs. Jess Livingston. The devotional was given by Mrs. Walter Roth and the program by Mrs. Dale Bussey. Five members were present.

THE STAR CIRCLE met at the home of Mrs. H. V. Draa. Mrs. Fred White gave the program. A display of church related magazines and pamphlets were set up and the Mrs. White read from them. The group could take 15 minutes of reading each day by reading devotions from the Bible, the Upper Room and church magazines. Mrs. S. K. Smith, Jr., gave the devotion followed by a general discussion.

It was announced the week of Prayer and Self Denial is Oct. 25 to Oct. 31. Quiet Day will be Oct. 25 from 10 to 12 in the church chapel.

## Lake Harbor Baptist To Welcome New Pastor

Rev. James M. Williams has accepted the pastorate of the First Baptist Church of Lake Harbor, the new church at Venice, Fla.

The new minister and his family will be in Lake Harbor after Oct. 15, when they will be welcomed by the congregation.

## Quarterly Conference Held At LH Methodist

The first quarterly conference of the Lake Harbor Community Methodist Church was Sunday afternoon at the church with Louis E. Rau presiding. Dr. Rau showed slides of the work in the District, the new churches and personnel of different commissions working in the district. Reports were given by the various departments of the local church.

Mrs. John D. Hemphill was elected delegate to represent the church at the West Palm Beach District Conference which meets in Melbourne in December. Mrs. Jamison was elected alternate.

Mr. Spencer, who recently completed a month's mission in this parish, gave an inspiring talk on the primary purpose of the society. "Our best work is to help others when we cannot easily examine ourselves spiritually," he stated. "Each member should possess an intense spiritual life," he added.

He also gave many helpful suggestions on things that the organization could do for the church.

At the conclusion of his talk he gave his blessings to the members and guests present.

Following the meeting, the men of the church and the Society joined the ladies for coffee and cake. Hostesses were Mrs. Peter J. LaChance, Mrs. J. C. Bowen and Mrs. Vernon Dexter.

## Sermon Topics

## Couple Sets Wedding Day

Mr. and Mrs. Luther Martin of South Bay announce the engagement and approaching marriage of their daughter, Cynthia Gail Martin to Calvert Kenneth Cone, son of Mr. and Mrs. Barney Cone of Thomasville, Georgia. The bride-elect graduated from Belle Glade High School in the class of 1963.

The bridegroom elect completed his education while serving three years in the United States Army. He is presently employed by Glades Sugar House in Belle Glade.

The wedding has been set for October 25th at 7:00 p.m. at First Baptist Church of South Bay. Rev. W. A. Fentor, Pastor officiating.

All relatives and friends of the bride and bride-groom are invited to attend.

Cynthia Gail Martin  
of South Bay

## Home Planning Program Heard

### By Xi Beta Gamma Chapter

Xi Beta Gamma Chapter of Beta Sigma Phi met Thursday afternoon at the home of Mrs. Francis Cross at 8 p.m.

The business meeting was preceded by the program.

Mrs. Thomas Baker and Mrs. Frank Anderson were in charge of the joint programs for the evening. "Housing the Homeless" and "Planning the Kitchen". Mrs. Baker introduced Mr. Ted Venus of Venus Construction, who gave a most interesting program using same topics for his talk. Members entered a discussion period with great interest.

After the program refreshments were served by hostesses

#### THANK YOU

My deepest gratitude to the many thoughtful friends who extended sympathy on the loss of my beloved brother. The cards, visits, and the flowers sent to my home and to my family in Idaho were greatly appreciated.

Verda Mathewson

## Close-Mann Engagement Told

Mr. and Mrs. Herman L. Close announce the engagement of their daughter, Miss Linda Ann Close to Mr. and Mrs. B. R. Mann of Tallahassee, Alabama.

The wedding will take place December 27 at the Community Methodist Church in Belle Glade.

Miss Close is a graduate of Belle Glade High School and a senior at Troy State College, Troy, Ala. She recently received her majority degree in the Order of Rainbow of Assembly No. 1, Belle Glade.

Mr. and Mrs. Mann are graduate of Tallahassee High School, attended Birmingham Southern College and graduated from Troy State College. While at Troy he was tennis champion and member of the college band. He is now a teacher at Americas High School, Americus, Ga.

Miss Linda Ann Close

## Finals Plans Made

### For Hospital Aux.

### Games Party Oct 18

The Women's Auxiliary of Belle Glade Memorial Hospital met and accomplished mending and sewing, also preparing articles for the sterilizer at a workshop previous to the regular meeting.

Mr. J. E. Fraser, president in the absence of Mrs. J. A. Baker, President. During the business meeting final plans were discussed for the games party to be held at the Civic Center on Oct. 18. Tickets may be purchased calling an auxiliary member or Mr. J. A. Baker, President.

The project for the year was discussed mainly decorating the nurses' aid of 6 bedrooms and baths. A committee composed of Mrs. J. A. Baker, Ted Daniels and Mrs. Thomas Breger was named to spearhead the project.

## Ballet Guild's

### Program At PBJC

Activities in the practice studio of the Ballet Guild of Palm Beach County are moving along at a swift pace as the date of their fall production draws closer. The Bell Glade students are in their second annual program at Palm Beach Junior College Auditorium on December 8 & 9.

The program will be given in two parts, the first devoted to the first half hour and the second to the introduction to this area of another Florida community ballet company. The Senior Guild will devote their part of the evening to a ballet based on an ancient legend. The Junior Guild, the Junior Guild, making its debut performance before Palm Beach audiences, will present a group of selections from "The Nutcracker" and "Swan Lake". The students will progress from basic academic bar work through to the completed variations.

The remainder of the program will be composed of four ballets performed by one of the major community ballet groups in southeastern United States.

### John David Kinlaw Parted On Birthday

Mr. and Mrs. John Kinlaw entertained at a birthday party Saturday, Oct. 12, John David, eight years old.

The party was held at the Park shelter and the afternoon of fun began with playing games. All the guests tried to pin on the donkey ears, but Paul Orsenigo was the winner and was presented a prize. Dennis Kinlaw won the prize in the contest of dropping the most clothes pins in the bottle a certain distance.

Refreshments of punch, and birthday cake were served and favors of suckers and mustaches were given each child.

Enjoying the event were Jerry and Pat Kirchner, Mr. and Mrs. Robert and Mrs. Sidney Casselman, Paul Orsenigo, Angie Wood, Mike and Ed Cunningham, Cindy Smith, Lee Chapman, David Brown, David and Bill Kinlaw.

Assisting in the kitchen in serving were Mrs. Hailey Vickery and Miss Angelina Vickery and Mrs. Tommy Parker.

### Bunco Party Held By Belle Glade

Mrs. Madeline Corbin was hostess to members of Belle Rebekah Lodge recently. Mrs. Dorothy Rogers was in charge of the games.

Prizes were won by Mrs. Elvira Brooks, Mrs. Lorraine McFurt and Mrs. Alice Neils.

Others present were Mrs. Geneva V. Fletcher, Miss Karen Vodicka, Mrs. Andrew Jones, Mrs. Edna L. Jones, Mrs. Ethel Imes, Mrs. Myrtle Howard, Mrs. Gene Womack, Mrs. Lorraine McTaggart, Mrs. Alice Neils, Mrs. Corbin and Wayne.

### BIRTHS

Belle Glade Memorial Hospital  
Oct. 3: Mr. and Mrs. Leaman Johnson announce the birth of a daughter, Littleton.

Oct. 5: Mr. and Mrs. Oris McTeague announce the birth of a daughter, Tammy Jean.

Oct. 7: Mr. and Mrs. Paul Teague announce the birth of a son, Paul Jr.

## Lecture Titled Most Fascinating

A fascinating and interesting lecture by Mrs. Homer Gwinne was enjoyed by a large number of garden club members in this area at a meeting sponsored by the Belle Glade Garden Study Club last Thursday.

Mrs. Gwinne made a lovely hat of coconut palm fronds and also sets of different types woven from palm leaves. The club plans to have Mrs. Gwinne give a workshop in the future.

At noon a sandwich luncheon was enjoyed with the Garden Study Club members and their husbands. Hostesses for the occasion were Mrs. Emmett Harris, Mrs. Robert Hooker, Mrs. Ray Roth, Mrs. Culley Collins and Mrs. Jack Royals. A conversation piece was a lovely hat made by Mrs. Gwinne.

This six weeks' course will meet every Wednesday evening 8:00 to 9:30 at the Mounts Agricultural Center, 531 North Military Trail (between Southern Blvd. and Belvedere Road, "on the hill").

The instructor will be Norman Bezona, Asst. County Agricultural Agent. Mr. Bezona is a graduate of the University of Arizona; he has had wide experience in tropical horticulture, studying in Hawaii, Okinawa and traveling in the Orient and Mexico.

This course will include instruction in pruning, planting and transplanting, physiology, propagation, fertilizers, propagation, fruit trees, comparison of grasses, grass planting procedure, maintenance procedure, insect pests, diseases and landscaping.

The special guests will be Mr. Albert Will, Professor Broward Junior College, M. U. Mounts,

## Tropical Home Gardening Course Oct. 16 - Nov. 20 At Mounts Bldg.

Your Progressive Garden Supply Store Dealer has long realized the need for a basic course in horticulture for home gardeners. The Mounts Community Garden Association requested the Palm Beach County Agricultural Department to organize and present such a program. This resulted in the Tropical Home Gardening Course.

This six weeks' course will meet every Wednesday evening 8:00 to 9:30 at the Mounts Agricultural Center, 531 North Military Trail (between Southern Blvd. and Belvedere Road, "on the hill").

The instructor will be Norman Bezona, Asst. County Agricultural Agent. Mr. Bezona is a graduate of the University of Arizona; he has had wide experience in tropical horticulture, studying in Hawaii, Okinawa and traveling in the Orient and Mexico.

This course will include instruction in pruning, planting and transplanting, physiology, propagation, fertilizers, propagation, fruit trees, comparison of grasses, grass planting procedure, maintenance procedure, insect pests, diseases and landscaping.

The special guests will be Mr. Albert Will, Professor Broward Junior College, M. U. Mounts,

No invitations have been sent locally but the family invites all friends in the Glades area to attend.

## Open House To Honor W. R. Hookers Sunday

The sons and daughters of Mr. and Mrs. W. R. Hookers are having open house, honoring their parents on their 50th wedding anniversary, Sunday, Oct. 20 from 3 to 6 o'clock at the Hooker home 1633 West Lake Road.

No invitations have been sent locally but the family invites all friends in the Glades area to attend.

**Rockets League**

In first place, U. S. Sugar Corp. with 18 pts.; Belle Glade Herald, second with 14 and W. T. Grant third with 13 pts. High team set 2449 was won by W. T. Grants and Grant's also tied

high team game 864 with U. S. Sugar Corp. Robert Brane in high individual scores rolled high team set of 582 and high game 2449, having over 200 games were Harry Vaughn 223; Jim Brandon and John Pelham 203.

**Rockets League**

Sullivan's: Pharmacy in first place with 19 pts.; Thomas Motors 2nd 15 and one-half; Custer Cattle Hauling 13. High team games and sets were won by Dewitt Broekman 739 game; Wall 721, 2148; W. T. Grant 2038; and individual outriggers went to A. Lafayette 201; L. Richmond 186; E. Lee 160; I. Mous 173.

**Penny Ante League**

Fleming's: First 11 pts., for first place; I. M. U. Nobents and Four Pennies tied with 10 pts.; Half Pennies 3. High individual games and sets for winners: B. Bryson 191, 191, 554; Carol Grady 190, 495; D. Grabee 184, 481; M. Richmond 178; Mont 172-200-203; G. L. Brown 534; S. Bryson 532. High team games and sets were won by Four Pennies 691; Flat Blasted Four 632, 1984; I. O. U.'s 1946.

**Rockets League**

Night Owls first with 15; Blue Birds tied with Fire Birds for this and Walrus tied with 11 and Woodpecker last with 6. Sky Skys rolled high and see and high team games with 631; 622 for high set of 1851; Robins rolled second high set 1783 and third high set 1784; Night Owls rolled third high team set with 1752. In individual high sets winners were Mary, Nell Cook 499; C. Grady 475; J. Tucker 456. Individual high team games and sets were won by Four Pennies 691; Flat Blasted Four 632, 1984; I. O. U.'s 1946.

**Rockets League**

Belle Glade: First 11 pts., for first place; U. S. Sugar Corp. with 18 pts.; Belle Glade Herald, second with 14 and W. T. Grant third with 13 pts. High team set 2449 was won by W. T. Grants and Grant's also tied

**IN SERVICE**

Marine Private First Class Tommie R. Conner, son of Mr. and Mrs. Eugene Conner of So. Bay, Fla., a member of Marine Landing Team 1-8, with the Sixth Fleet in the Mediterranean, left Aranay Bay, Saratina, Fla., 16 after completing training.

The landing team is aboard ships of Amphibious Squadron 12, and will proceed to the island of Crete. During a four-day stay at Malta, the Marines will have the opportunity to tour the island, and to see competitive rifle and pistol matches between fellow Marines and the British Royal Marines.

Marine Corps' Bureauill S. Miller, son of Mr. and Mrs. J. L. Miller of 1424 Northwest 12th St., Belle Glade, Fla., a member of Marine Air Control Squadron Eight, Marine Corps Air Facility, Naval Air Station, Jacksonville, Fla., departed Sept. 25 for a field exercise in the Camp Lejeune, N. C. area.

During the one and one-half week stay in the field he participated in exercises designed to install and maintain intermediate facilities for the detection, interception, and destruction of hostile aircraft and missiles. Upon completion of the exercise he will return to Jacksonville.

both receiving the M. S. degree in education, were among 1,498 completing requirements for degrees this summer at Indiana University. Registrar Charles Harrel announced.

The summer graduates, combined with June's degree winners, raised the University's 134th commencement class to 4,986 degree recipients. Formal induction for both groups was held in June.

The School of Educationed ions in total number of summer graduates with 648, followed by the Graduate School, 331; College of Arts and Sciences, 131; Graduate School of Business, 131; School of Health, Physical Education and Recreational

tion, 122; School of Music, 76; of Dentistry 20, and the School

School of Medicine, 25; School of Law, 10.

## Elect Leaders

By Mickey McGee

The election as homecoming president is a great honor for any student. To be a good president, one must be willing to work.

B. G. H. S. has selected a great team of homecoming presidents this year. One should be chosen to represent by such a good staff of officers.

Seniors elected Sharon Motes from 12-1, Charles Thompson from 12-2, and Johnny Dell from 12-3.

Sharon is a very good student academically and her hobbies are music, chess and Johnnie is both football captain of the Golden Rams. Charles plays quarterback and defensive end. Johnny is offensive and defensive end. All three make a group of well-balanced students.

Larry Bell, 11-1; Buckley Joyce Morris, 11-2; Ronnie Lee, 11-4 were selected as presidents of the Junior homecomings.

Larry, a good student is serving as a member of the Student Council. He also is active in sports. Buckley, an old-timer in football, plays offensive left halfback this year. Joyce and Ronnie are in the Beta Club and both are active in school activities.

## Security Section

Security is not being called on to recite in class.

Security is a candy bar hidden in the freezer.

Security is playing football team like Belle Glade's.

Security is having naturally curly hair.

Security is having matching socks.

Security is going steady.

Security is understanding American Government.

Security is passing the Senior Placement Tests.

Security is having a good friend to rely on.

Security is having next to Merkin in Trial.

Security is a ride to the Polar Bear at lunch.

Security is a ride to the football games.

## Gossiping Gandy

Patsy D., who's this on Fridays? Who has Bootsy W. been seeing up at the Polar Bear lately?

Danny S., we heard you broke the record for the most fiftynine shots. Davine W., it's all over school that you have been robbing the cradle lately.

There seems to be a new combination of colors — pinkish peach, pinkish peach and yellow.

What about this Laura R.?

Chemistry seems to hold a lot of interest for a couple of students this year, or is it the chemistry partners?

Be sure to read the new LIPSTICK HISTORY by B. L. and J. B. E. Linds L. what is your interest in the U.S. Sugar Co.? Charlie Ta where did the new expression "Sorry, Charlie" originate?

"Since reading their ad . . . I always bring my husband's clothes here!"

## Tough Enough

By Mickey McGee

The election as homecoming president is a great honor for any student. To be a good president, one must be willing to work.

B. G. H. S. has selected a great team of homecoming presidents this year. One should be chosen to represent by such a good staff of officers.

Seniors elected Sharon Motes from 12-1, Charles Thompson from 12-2, and Johnny Dell from 12-3.

Sharon is a very good student academically and her hobbies are music, chess and Johnnie is both football captain of the Golden Rams. Charles plays quarterback and defensive end. Johnny is offensive and defensive end. All three make a group of well-balanced students.

Larry Bell, 11-1; Buckley Joyce Morris, 11-2; Ronnie Lee, 11-4 were selected as presidents of the Junior homecomings.

Larry, a good student is serving as a member of the Student Council. He also is active in sports. Buckley, an old-timer in football, plays offensive left halfback this year. Joyce and Ronnie are in the Beta Club and both are active in school activities.

Around the campus one sees the once-popular teased hair giving way to the new simple styles of the day. The new tease remains popular to give a boost to those flat parts which need fullness and body. But not often are the hair-style teased to great heights.

To achieve the new straight hairstyle, the hair is rolled after brushing vigorously. Not only is this hairstyle attractive, it's good for the health of the hair.

After the test, each participating student receives a HANDBOOK FOR MERIT PROGRAM PARTICIPANTS.

Participating students are assisted by Scholastic Research Associates, a testing agency. The HANDBOOK is designed to help students understand their individual test results to make comparisons with scores of high school students throughout the country, and to use this information in making educational and vocational plans.

Thus, Mr. Morris stated, students can learn more about their educational strengths and weaknesses, whether or not they plan to attend college.

In addition to awards made by the National Merit Scholarship Corporation, about 175 business corporations, foundations, colleges, professional associations, unions, trusts and individuals contribute through the Merit Program. A considerable number of other scholarship agencies utilize the services of NMSC in awarding their scholarships.

NMSC was established in 1955 through grants from the Ford Foundation and the Carnegie Corporation of New York. An additional Ford Foundation grant to extend the Merit Program for 1970 was announced in 1962.

In the period 1956-63, about 7500 students have received Merit Scholarship awards and thousands of other high-scoring students have been assisted in obtaining financial aid from other sources.

If the Russians were really so

proud of their Communist ex-

periment, they would take down

the iron curtain and put in a picture window.

Dear Lotta,

Take your cold biscuits and

prune preserves and go yonder way!

Dear Lotta,

In American History Class

everything was set: answers up

my sleeves, test paper coming

down my sleeve, sunburst

sleeve, the teacher slipped my

test paper from the desk. He

will have one less paper to

make up that grade?

Dear Forgetful,

Bring a stamp to room

101 and we will see what we

can do. We don't promise re-

sumes every time, but we do give

King Kong Stamps!

Dear Lotta,

I am the bashful type. When

## Juniors Take Notice

By Mickey McGee

All 1965 graduates of Belle Glade High School who wish to enter the 1964-65 National Merit Scholarship competition should register now at the school office. Fellow Morris, principal, announced today.

The National Merit Scholarship Qualifying Test will be given in the school at 9 a.m. Tuesday, March 10, 1964.

Students who will complete second semester in the 1963-64 school year are eligible for scholarship consideration in the 1964-65 Merit Program.

Interested juniors should register at the Guidance Office with Mr. Luke by Wed., Oct. 23.

To receive consideration, the student must take the test when it is offered in his school. Participation students pay a \$1 fee on the day of the test. Any interested student who is unable to pay the fee should consult Mr. Morris.

Awards in the Merit Program are granted on the basis of intellectual abilities, but student financial status determine the amount of each scholarship. The stipends are renewable each year without further testing.

A student's performance on the qualifying test also provides him with information that is useful in planning his future studies and college.

After the test, each participating student receives a HANDBOOK FOR MERIT PROGRAM PARTICIPANTS.

Participating students are assisted by Scholastic Research Associates, a testing agency. The HANDBOOK is designed to help students understand their individual test results to make comparisons with scores of high school students throughout the country, and to use this information in making educational and vocational plans.

Thus, Mr. Morris stated, students can learn more about their educational strengths and weaknesses, whether or not they plan to attend college.

## Congratulations!

By Mickey McGee

The student body sends congratulations to Mr. Fred Stevens on the birth of his third and 6 ounce future basketball player, and to Mr. and Mrs. Fred Stevens on the birth of their 5 pound 9 ounce future majorette, Susan Alma.

Mrs. Luke is the former Mrs. Alma Phillips.

Mrs. Stevens is the former Mrs. Phillips and a graduate of Belle Glade High in the class of 1956.

Mrs. Phillips and her husband, who taught at the elementary school, both mothers and babies are doing fine.

Mr. and Mrs. Stevens are the parents of two sons, Larry and Tom, who are both in the eighth grade.

Mr. Stevens is the father of two daughters, Linda and Debbie, who are both in the eighth grade.

Mr. Stevens is the father of two daughters, Linda and Debbie, who are both in the eighth grade.

## Rambler Sales Top 600

By Mickey McGee

Smashing all previous records on yearbook sales at Belle Glade High, the Journalism Class sold over 600 subscriptions last week during the big drive.

Although solicitations for the annual are over, anyone desiring a subscription may see the Journalism students.

Since the 1964 Rambler will be the first year to be sold, the students will be in charge of the sales.

Since the 1964 Rambler will be the first year to be sold, the students will be in charge of the sales.

## Athletic Council Presents Bus

During half-time last Friday the bus presented to the athletes at Belle Glade Memorial High School will be of great service. Jim Williams, president of the Athletic Council, and those attending the game witnessed the keys to the bus being turned over to Coach Thornton. They thanked the club to the Belle Glade High Council and the community School Athletic Council. This council was created in 1942 with Mr. Jim Dardin as its first president. Their first projects were building a new field, seat, lighting, fencing, uniforms, equipment, and all things important to a new athletic program.

THAT'S A LOT OF COOKING EVERY YEAR

"Switch" to Flameless Electric  
...the cooler, cleaner, faster, safer, cheaper way

It's time to change to an electric range. You'll love cooking with flameless electric...it's so efficient and so modern. Automatic controls eliminate pot-watching...give you more freedom. There's no constant-burning pilot light, no fumes...you'll enjoy precious peace of mind. Your curtains and walls stay cleaner longer, and pots and pans stay shiny-bright.

No wonder more than a million Florida families have switched to electric cooking...flameless makes the cooking different. The new electric ranges come in many decorator colors and styles. See them now at your electric appliance dealer.

There's no Match for Flameless Electric Living...IT'S CHEAPER, TOO!

## Rams Win Again!

Belle Glade's mighty Rams won their third consecutive conference game Friday night when they beat Riviera Beach 27-14.

Charlie Thompson passed to Ed Buckner for the Rams' first TD in the first quarter. Thompson ran the ball twice, but he was unsuccessful. Thompson ran the remaining three touchdowns which made him high scorer in the Suncoast conference with thirty-six points. John Causey, Dewey Jones, and Ed Buckner ran for the three successful extra points.

## Belle Glade J. V.'s vs. Riviera Beach

The Belle Glade Junior Varsity football team has continually changed during the past twenty-one years, but the cooperative spirit and untiring service has been evidenced each year. The members serve as ticket takers, helpers in the cafeteria, at home games. In addition to this they meet throughout the year as an advisory group for promoting the athletic program of Belle Glade High School.

Riviera Beach also undefeated will be beaten Saturday but Belle Glade will have the advantage since the game will be played at home. Riviera's line averages fifteen to twenty-five pounds heavier than Belle Glade's, but Coach Thornton has confidence in his boys and says they will come through.

Recognition goes to the cheerleaders who are cheering the team to victory. Libby White, captain, Becky Blakely, Patricia Hodges, Cecelia Enfinger, Diana Lutz, and Mary Lee Amerine are the cheerleaders who are doing such a good job.

## Belle Glade J. V.'s Did It Again

The Belle Glade Junior Varsity football team completed another game without being scored on Thursday night at Stuart. The hard-hitting Belle Glade Rams churned up a score of 13 to 0. Tommy Woods made a touchdown for the Rams which was called back. Trying again, Woods went all the way, bringing in six points. Lillard made the second touchdown, with Woods going over for the third successful extra points.

"The defense" said J. V. coach Luke Thornton, "was outstanding in this game." The first string defense consisted of Jerry Sullivan, Riley Foster, Jerry Perkins, Rickie Kruse, John Brown Evans, Bobby Muller, Rickie Henderson, Mike Shiver, and Wayne Payne.

Everyone is urged to attend the J. V. next game which will be held at Riviera on our home field. The spectators are assured of an exciting evening.

## \$8,000 In Scholarships Available

### To Students With 4-H Club Experience

Six scholarships with a total value of \$8,000 are available to present, former 4-H Club members, the National 4-H Service Committee recently announced.

Freshmen planning to major or minor in forestry can apply for one of four \$1,000 scholarships—the largest offered to the national 4-H awards program.

Two other scholarships for \$800 each are available to college juniors or seniors majoring in courses dealing with crop production or crop protection. The major study areas include: agronomy, soils, entomology, plant pathology or horticulture (vegetables or fruits).

Homeite, a Division of Textron, Inc., of Falls Church, N. Va., is giving \$1,000 scholarships, and California Chemical Company, Ortho Division, San Francisco, donor of the \$800 scholarships are offering for the seventh straight year.

### 4-H'ers Vie For '63 Awards

Annual awards to top-ranking 4-H Club members completing an agricultural project will again be provided by International Harvester Company, the National 4-H Service Committee has announced.

The agricultural program is open to both boys and girls. It is designed to introduce better farming methods and practices affecting production, management, community improvement and animal husbandry.

Each state will name its top member for the year who will attend the 42nd National 4-H Club Congress in Chicago as guest of International Harvester. Up to four members in the competition will receive a gold-filled medal of honor.

The agricultural award winner's records will be entered in competition with all other state agricultural records for one of six \$500 scholarships.

All winners are judged by the Cooperative Extension Service which also supervises and directs the 4-H programs, assisted by local volunteers 4-H leaders. Nearly 865,000 of the 2.2 million 4-H'ers were enrolled in the agricultural program last year.

Scholarships for 1963 were increased \$100 each. The six national champions will be announced during the 4-H Congress.

Going steady is like flying an airplane. It isn't the start that counts; it's whether or not you can keep it up.

## Hold That Tiger!

Tomorrow night the Rams will travel to the "Sugar Bowl" in Clewiston. An old rival, whom we defeated last year by a score of 33-0, Clewiston can't be taken lightly. They have been doing some pretty good ball playing and beat Sebring this season. We are heavier than the Tigers but they have more speed in their backfield. In addition to their own Mike Mazzone, they have a transfer student from Pahokee. Alberto

Morrell. Even though Clewiston isn't in the Suncoast Conference this year, a victory for the Rams would add prestige to our ratings. All of this propaganda won't affect the Rams though. They'll just grab the ball if the nearest Tiger and hold him! Team spirit is good, according to coach Bill Burke, and will be even better after our VICTORY in Clewiston.

**4-H Clubs Meet**

The newly formed 4-H Club, The Blue Jays met at the home of Mrs. Herbert Priest on Wednesday, Oct. 16 at 3 p. m.

The members elected officers follows: President, Carol Jean Priest; Vice President, Karen Carlson; Reporter, Marlene Morris; Secy., Sue Van; Treasurer, Amanda Davis; Leader, Carolyn White; Recreation Chairman, Patsy Strickland; Devotional chairman, Cecilia Broome.

A demonstration was given

by Mrs. Sellers on making a sewing box. Other members present were Mary Brane Crighton Clarke.

Refreshments were cookies and punch. Reporting Marion Morris.

**Pixie 4-H Club**

The regular business meeting of the club was called to order at 3 p. m. with 10 members present.

Eight girls reported they had finished their skirts, two have partially finished and the other two have purchased their material. Next week the girls will start on their blouses.

During several of the girls will represent the group at a County 4-H Council meeting in West Palm Beach. There will be a 10 a. m. meeting, a luncheon followed by songs and tend.

Mr. Rudder introduced Mrs. Margaret Mosley, Supervisor of Glades Schools, and Mrs. Cunningham a teacher from Pahokee School. They explained why the school had new and different uniforms and the new system to be used. Mrs. Lutz, principal passed out her cards for the audience to follow in the explanation.

Mr. Rudder 5th and 6th grade were the banner. Refreshments were served by Mrs. Bert Collette and Mrs. Vernon Henderson during the social hour.

**Lake Harbor P. T. A. Names Chairman For Annual Halloween Carnival Oct. 29**

The Lake Harbor P. T. A. met at the school house Monday, Oct. 8th with Mr. Bert Collette, President, Mrs. Vernon Henderson, Secretary, Mrs. John D. Hemphill gave the devotional.

Plans for the Halloween Carnival to be held on Oct. 29th were discussed and the following chairman announced by Mrs. A. B. Mathis, Jr., General Chairman: Cake-Walk, Mr. and Mrs. John D. Hemphill; Cakes and Pies, Mrs. J. E. Lester; Coffee and Tea, Mrs. John D. Hemphill; Kitchen, Mrs. C. A. Thomas.

Everyone was asked to encourage the children to come in costume for the parade.

There will be a meeting at the school house Oct. 22 and a speaker will there explain the school millage to be voted on Nov. 5. All voters should attend.

**LAKE HARBOR NOTES**  
By W. S. C. S. — WY 6-2279

On Tuesday,

Mrs. J. O. Jameson was a guest at the Mary Ruth Circle of the P. E. S. C. W. at Glades on Wednesday. Mrs. R. W. Kidder was hostess to the group.

Mr. and Mrs. W. C. Prewitt and their sons, John and Matt and Mrs. Matt Prewitt in Gainesville last weekend. The boys are students at the University of Florida.

**Stanleys Attend Reunion**

Mr. and Mrs. Clarence Stanley attended the 39th Annual reunion of the 309th Engineer's Association of World War I recently at the Best Western Motel here in Miami.

Entertainment included early bird party, refreshments wiener roast and pool-side reminiscence and on the last day a boat cruise and cocktail party, a floor show and welcome address by Mayor Melvin Rich-

reception. Mrs. Lee will accompany the girls.

Plans were completed for a costume Halloween Party and first, second and third prize ribbons will be awarded.

The treasurer reported \$3.10 which will be used to purchase materials for aprons, the girls will make.

Following the business meeting, chocolate cupcakes and pink lemonade were served to celebrate Mary Lee's birthday. Phyllis Giese, reporter.

**For better crops ... Agricultural Chemicals by CHEMAGRO****Outstanding Fungus Control !**

Dyrene effectively combats early blight, late blight and Rhizoctonia... Greatly Increases Celery Yields... Upgrades Quality

Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In 6 years of cooperative research and commercial use, Dyrene has proved its outstanding

control of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage... does not affect flavor or odor... leaves no harmful residues... finer celery and more of it, use Dyrene. It works! At your farm supply dealers.
